

RANGE 2021 125 CC AND ABOVE

PEUGEOT MOTOCYCLES ASSISTANCE

FOR BREAKDOWNS OR PUNCTURES

- Breakdown/towing of your vehicle in the Peugeot Motorcycles network (to your dealership if the breakdown occurs within a 30km radius or otherwise to the nearest Peugeot Motorcycles dealership).
- Onward travel or return home (by train, plane or taxi).
- Transport to the workshop to collect the repaired vehicle.
- +33 (0)1 41 85 83 72 (non-premium rate call, 24 hours a day/seven days a week).

FOR VEHICLES IN THE PEUGEOT MOTOCYCLES RANGE

- Duration: 2 years
- One price: €79.20 incl. VAT (offered for Peugeot Metropolis)

Assistance services are guaranteed and provided by Europ Assistance, a French public limited company with capital of €23,601,857, governed by the French Insurance Code, registered on the Nanterre Trade and Companies Register (RCS) under number 451 366 405, located at 1 Promenade de la Bonnette, 92230 Gennevilliers, and regulated by the ACP (Prudential Control Authority), 61 Rue Taitbout, 75009 Paris.

For details of services and exclusions, please refer to the assistance terms and conditions, available from your point of sale.

- Designed by Peugeot Motorcycles Research & Development
- Made in France at our plant in Mandeure (Doubs)

* Available from 21 years old, with a standard driving licence plus completion of a seven-hour course. ** Offer valid for any purchase of a Peugeot Metropolis. Peugeot Motorcycles guarantees your vehicle for a period of 36 months or 30,000km from first registration, whichever comes first, unless otherwise specifically stated in the policy. Peugeot Motorcycles also offers you assistance (from Europe Assistance) for three years or a maximum of 30,000km. Full information available from peugeot-motorcycles.country. (1) Daytime Running Lights. (2) Synchro Braking Concept: Peugeot Motorcycles combined braking, allows the left lever to be used to brake both wheels simultaneously and with the right distribution. (3) Traction Control System Find out more about i-Connect.

FOCUS ON i-CONNECT TECHNOLOGY

TAKE ORDERS

Do you want to explore the city easily and without wasting time? Do you want to reconcile your design requirements with your driving experience expectations? So choose a connected scooter and enjoy a unique urban experience on Peugeot Pulsion or Peugeot Metropolis.

Compact handlebar

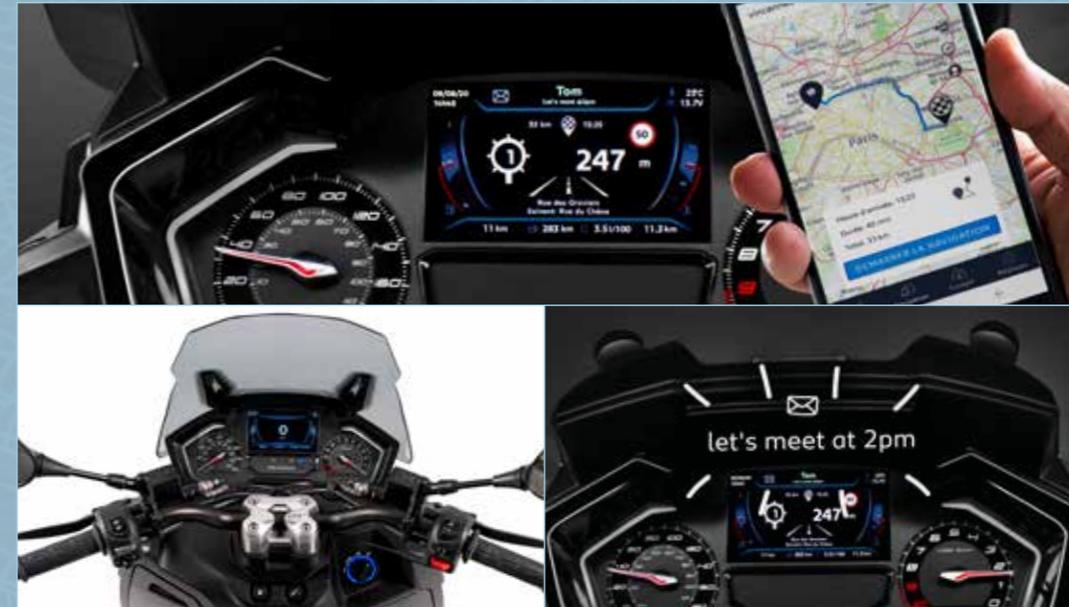

Since the rider's arms are less spread out, their movement range is reduced during manoeuvres, offering greater agility and responsiveness and a more relaxed riding position.

Head-up riding

With the raised dashboard, riders can check traffic information without taking their eyes off the road, allowing them to concentrate on where they are going. This ergonomic position further reinforces safety by limiting fatigue.

Mobile app and connectivity

Connect your smartphone to your Peugeot Pulsion* or your Peugeot Metropolis* and take advantage of the colour TFT screen to read if you have received a message when you are stopped, to receive your calls and display the GPS directly on your dashboard.

*Except Peugeot Pulsion Active and Peugeot Metropolis Active versions
